

ScottMadden to Partner with M-WERC to Host Webcast Based on Latest Energy Industry Update

ATLANTA, GA – (June 8, 2016) – ScottMadden, Inc., one of North America’s leading energy consulting firms, is pleased to join forces with M-WERC to present an interactive webcast, “[Energy Industry Update](#),” on Friday, June 10, 2016, from 12:00–1:00 PM EDT. This exclusive webcast, for M-WERC members and partners only, will draw from the latest ScottMadden [Energy Industry Update](#) to provide an update on key policy changes that are affecting the energy industry.

Continuing cost declines in distributed resources take place alongside new gas and nuclear plant build. The supply stack is becoming greener, but the Clean Power Plan has been stayed. During this session, [Stuart Pearman](#), partner and energy practice leader, will discuss how the energy industry is changing and how its regulatory and financial moorings are shifting. Key discussion topics will include:

- Energy Industry Macro Trends
- A Changing Resource Mix
- Adapting the Utility Model
- Getting Markets and Rules Right
- Energy Transitions in Hawaii
- Insights on the Role of the Utility
- Cybersecurity as Information Technology and Operational Technology Concerns Are Converging

“Our ScottMadden Energy Industry Update is themed, ‘Neither Fish Nor Fowl.’ It is a time in our energy utility industry of startling contrasts. Things are neither quite the way they were, nor quite the way they will be. We are excited to share our thoughts about the industry with M-WERC members and partners, as a backdrop to their innovative work,” said Mr. Pearman.

To learn more about the webcast or to register, please [click here](#). Registration is free, but attendees must register in advance.

For more than a decade, the ScottMadden [Energy Industry Update](#) has served as the catalyst for strategic discussion, debate, and decisions. More than 10,000 executive leaders rely on it for the most important trends and thought-provoking insights.

About ScottMadden’s Energy Practice

We know energy from the ground up. Since 1983, we have been energy consultants. We have served more than 300 clients, including 20 of the top 20 energy utilities. We have performed more than 2,400 projects across every energy utility business unit and every function. We have helped our clients develop strategies, improve operations, reorganize companies, and implement initiatives. Our broad and deep energy utility expertise is not theoretical—it is experience based.

About ScottMadden, Inc.
