

S&P Global Market Intelligence Features ScottMadden in an Article on Energy Services Companies

ATLANTA, GA – (September 22, 2016) – ScottMadden, Inc., one of North America’s leading energy consulting firms, was featured in an article written by Kelly Andrejasich, a reporter for S&P Global Market Intelligence, entitled “Increased Customer Demands and Desire for Growth Driving Energy Service Push.” Kelly’s [article](#) provides insight on what’s behind the resumed interest in energy services companies and alternative businesses.

“We now have a host of companies and a growing number of customers interested in non-traditional energy resources, whether energy efficiency, demand response, or distributed (preferably renewable) resources located near their operating facilities. There are several reasons for this growing trend, one that we have seen before in our industry,” said [Stuart Pearman](#), partner and energy practice leader at ScottMadden.

About the Author

Kelly Andrejasich has been a reporter for more than a decade and covers the electricity industry for S&P Global Market Intelligence.

About ScottMadden’s Energy Practice

We know energy from the ground up. Since 1983, we have been energy consultants. We have served more than 300 clients, including 20 of the top 20 energy utilities. We have performed more than 2,400 projects across every energy utility business unit and every function. We have helped our clients develop strategies, improve operations, reorganize companies, and implement initiatives. Our broad and deep energy utility expertise is not theoretical—it is experience based.

About ScottMadden, Inc.
