

ScottMadden Named as One of America's Best Management Consulting Firms in the United States for the Third Year

Forbes Media and Statista Recognize America's Top Management Consulting Firms

ATLANTA, GA – (April 19, 2018) – [Forbes Media](#), in partnership with [Statista](#), an online statistics provider, has recognized ScottMadden, Inc., for the third year as one of 229 [America's Best Management Consulting Firms](#) in the United States out of more than 1,300 consultancies. This third annual list focuses on management consultancies providing businesses across industry sectors and functional areas with the best guidance on their practice.

These companies are recognized based on rankings compiled from two online surveys: a colleague survey (partners and executives from management consultancies) and a client survey among senior executives who have previously worked with management consultancies.

The first survey included 7,500 consulting firm partners who were asked to recommend consultancies (excluding their own). The second survey included 1,000 senior executives who were asked to recommend consultancies on the list where they had worked with a consultancy. Statista then identified the firms that received a disproportionately high number of client recommendations.

"We're excited to be recognized, yet again, as one of the country's best consulting firms by our client community," says [Brad Kitchens](#), president and CEO of ScottMadden. "Thanks goes to our consultants and staff for their results-oriented focus, which earns us this level of trust and confidence."
