

## ScottMadden Named as One of America's Best Management Consulting Firms in the United States for the Fourth Year

*Forbes Media and Statista Recognize America's Top Management Consulting Firms*

**ATLANTA, GA – (March 27, 2019)** – [Forbes Media](#), in partnership with [Statista](#), a market research company, has recognized [ScottMadden, Inc.](#), for the fourth year as one of 216 [America's Best Management Consulting Firms](#) in the United States out of more than 1,300 consultancies. This fourth annual list focuses on management consultancies providing businesses across 16 industry sectors and 16 functional areas with the best guidance on their practice.

These companies are recognized based on rankings compiled from two online surveys: a colleague survey (partners and executives from management consultancies) and a client survey among senior executives who have previously worked with management consultancies.

The first survey included 7,500 consulting firm partners and executives who were asked to recommend consultancies (excluding their own). The second survey included 1,000 senior executives who were asked to recommend consultancies on the list where they had worked with a consultancy over the last four years. Statista then identified the firms that received a disproportionately high number of client recommendations.

"We're thrilled to be recognized as one of the country's top consulting firms. Of course, all credit goes to our consultants and staff who work diligently for our clients and always focus on what's in their best interest," says [Brad Kitchens](#), president and CEO at ScottMadden.
